MONSTER HTUPS2700

SoundTech Marketing is proud to announce Monster's new HTUPS2700 Power Center with Battery Back-Up and Voltage regulation. In addition, Monster's exclusive circuitry allows your theater to automatically re-set when the power comes back on. Another exclusive from Monster is that it eliminates High Definition EMI, that way you maximize picture performance from that new Blue Ray BDS-2900 DVD player you bought from Yamaha! You get all these awesome features in one box and a
